INTRODUCTION

This publication is prepared from information submitted annually to Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR) under Reports Control Symbol DD-COMP(A) 659. Information is reported to WHS/DIOR by the Office of the Secretary of Defense agencies. These data provide statistics on the number of active duty military and direct hire civilian personnel by operating location in the United States, with operating location defined as the geographic location where personnel are located for the performance of work.

This report is divided into two sections. In each, the information is presented according to Defense components, which include the Military Departments (Army, Navy, and Air Force) and the category "Other DOD Organizations." This latter classification includes the following DOD components: (1) Office of the Secretary of Defense (OSD) and organizations serviced by OSD 1/; (2) Defense Audiovisual Agency, (3) Defense Communications Agency; (4) Defense Contract Audit Agency; (5) Defense Investigative Service; (6) Defense Logistics Agency; (7) Defense Mapping Agency; (8) Defense Nuclear Agency; (9) DoD Dependents Schools; and (10) Uniformed Services University of the Health Sciences.

In Section One, the total number of active duty military and direct hire civilian personnel as of September 30, 1985, are presented by state according to Defense component. Included is information on the percentage of each component's personnel located in each state. In Section Two, the active duty military and direct hire civilian personnel are shown for selected cities and installations in each state according to Defense component.

Special attention is directed to the following:

1/ OSD and organizations serviced by OSD includes the following: Office of the Secretary of Defense and Organization of the Joint Chiefs of Staff (OSD-JCS); American Forces Information Service (AFIS); Civilian Health and Medical Program of the Uniformed Services (CHAMPUS); Defense Advanced Research Projects Agency (DARPA); Defense Security Assistance Agency (DSAA); Tri-Service Medical Information System (TRIMIS); U.S. Court of Military Appeals (USCMA); Office of Economic Adjustment (OEA); Defense Legal Services (DLS); and Washington Headquarters Services (WHS).

1. In some instances, the Military Departments report personnel by parent installation rather than their operating location. Such variations tend to occur in metropolitan areas where military activities are scattered among many political jurisdictions. In addition, personnel on limited temporary duty (TDY) on September 30, 1985, may be reported at their assigned locations.
 2. Military personnel in each department include a number of personnel in a transient status. These personnel are in a travel, proceed, leave, enroute, or temporary duty status while on permanent change of station (PCS) orders. The Marine Corps and Air Force report these personnel at their location prior to their arrival at their new permanent duty location. The Army and Navy include these personnel in one category entitled, "Undistributed," which may also include personnel for which an exact location is undetermined.
 3. Excluded from the direct hire civilian personnel in this publication are those who are not subject to Office of Management and Budget (OMB) ceiling controls. This includes personnel such as some summer aids or employees in the Stay-in-School Federal Junior Fellowship, and Worker-Trainee Opportunity Programs and those covered by other official exemptions granted by OMB. As of September 30, 1985, the Department of Defense employed 11,260 nonceiling civilian employees in the United States.
 4. Department of the Army civilian personnel include employees involved in civil functions in the United States. This consisted of 29,866 employees of the Army Corps of Engineers and 129 Army cemeterial employees. Also included in this report are the three civil function personnel of the Air Force.
 5. Department of the Navy civilian personnel include those in the military services of the Navy and Marine Corps. The Navy Department military totals consist of shore-based personnel and exclude those afloat and temporary shore-based.
- Further information on DoD personnel can be found in the WHS/DIOR annual publication *Selected Manpower Statistics* and the quarterly publications *Worldwide Manpower Distribution by Geographical Area*, *Civilian Manpower Statistics*, and *Military Manpower Statistics*.
